

AIR HEATING UNITS FOR OVENS

“ Range with indirect heating air/combustion fumes – Methane burners
The air capacity will be defined in accordance with the terms of use”

OPTIONAL ACCESSORIES

Burners gas linea oil
Electric control board

NOTES

Technical characteristics and dimensions are given as indication and can be changed for their improvement
The dimensions and values indicated by “nd” will be determined in accordance with the terms of use
Carried out in galvanized metal sheet and in pre-painted galvanized metal sheet – combustion chamber in stainless steel
Insulation in mineral wool, density 100 kg/m³
Pre-assembled supply

EQUIPMENT IDENTIFICATION
